Coming up in 2024

I-HE2024
 EADTU & Open University of Cyprus
 23 - 25 October 2024
 Limassol, Cyprus

The Innovating Higher Education Conference 2024 will take place at the St. Raphael Resort in Limassol, Cyprus, hosted by the Open University of Cyprus. Specific details regarding the focus of the conference will be communicated at the beginning of 2024.

1st XR2Learn Community Building Webinar
 XR2Learn project
 17 January 2024
 Online

Are you interested in learning how extended reality (XR) technologies can enhance learning and training experiences? Do you want to join a cross-border innovation community for XR in learning, bringing together XR technology providers, application designers, education experts, application developers, end-users and decision makers? Join the first XR2Learn webinar!

ENCORE webinar: Unlocking the Future of Education
 ENCORE project
 22 January 2024
 Online

In a post-pandemic scenario, transitioning to a society that embraces technological innovation, creativity and careful consideration of human and environmental sustainability is a concern for the EU region. In this session, we discuss several educators experiences and ideas after trying the ENCORE, an AI-driven system, as an ally in their search to promote DGE skills.
